PERSON-CENTERED SUPPORT

How It Works

- 1 Assessment & Goal Setting**
We learn each person's strengths, needs, and dreams, then set clear, achievable goals together.
- 2 Skill Building in Real Life**
Communication, decision-making, and social skills, practiced in real community activities.
- 3 Teamwork with Families**
We work closely with families, caregivers, and support networks for consistent progress.
- 4 Ongoing Support**
Flexible plans that grow and change as each person reaches new goals.

Can I choose my coach?

We do our best to match each person with a coach whose personality, communication style, and expertise fit them.

Is it covered by Medicaid?

Coverage varies. Some individuals qualify through Medicaid under the Community Living (CL) Waiver or other government funding; others use private insurance. Call us to explore your options.
